

Catalog Purchasing (Just-In-Time) Request for Proposals (RFPs) Delayed

March 18, 2005 - We would like to take this opportunity to update you on the status of the RFPs that were intended to be released on March 11, 2005. Unfortunately, a system glitch arose which didn't allow for the documents to be released as originally planned. We apologize for the inconvenience that this may have caused. It is anticipated that the system glitch will be fixed within the next few days.

A revised listing of solicitations will be provided as soon as the issue is resolved. We will be taking advantage of this time to accept additional comments. Those comments can be sent to Julie Allen (juliea@lanl.gov) or Janelle Vigil- Maestas (vigil-m@lanl.gov). You are also welcome to email questions and comments to business@lanl.gov.

Thank you for your patience as we work to resolve this issue.

Los Alamos National Laboratory
Julie Allen
Procurement/Supply Chain Management (SUP-7)

Los Alamos National Laboratory is operated by the University of California for the National Nuclear Security Administration of the U.S. Department of Energy and works in partnership with NNSA's Sandia and Lawrence Livermore national laboratories to support NNSA in its mission.

Los Alamos enhances global security by ensuring the safety and reliability of the U.S. nuclear weapons stockpile, developing technical solutions to reduce the threat of weapons of mass destruction and solving problems related to energy, environment, infrastructure, health and national security concerns.
